

TD SYNEX Academy recognised with Azure Infrastructure badge from Microsoft

Training you can trust.

TD SYNEX Academy is an official Microsoft Training Services Partner and one of the first distributors in Europe to receive the prestigious Azure Infrastructure badge. This confirms our position as a leader in the industry and demonstrates our commitment to delivering top-notch Microsoft training solutions.

What it means for you

As a TD SYNEX partner it means you can fully trust our training services, knowing we have the most robust systems, streamlined processes and highly skilled personnel. We are committed to delivering top-tier training experiences for both our partners and end customers.

Why become a Microsoft Expert

Whether you want to boost your career, start a new one, or simply enhance your skills, becoming a Microsoft Expert with TD SYNEX Academy is a proven way to help you learn to succeed.

With our innovative approach and proven experience, we deliver results.

- Learn from certified instructors with real-world experience in **public, private, or on-site training sessions**, either in person or live online.
- Choose from a variety of self-paced learning options, such as **Labs and Learn** and **Challenge Labs**.
- Save time and money with **FastTrack courses** that cover the same content in a shorter duration, offering the same great content with a flexible learning approach.
