

# Tech Data Academy Sophos Training and Certification

## Tech Data Academy and Sophos

IT security products have become as complex as the networks they're trying to secure. The solution to complexity is not more complexity. Sophos tackles security challenges with clarity and confidence, knowing that simple security is better security.

Tech Data Academy is recognized by Sophos as an Authorized Training Center. Attend any of our training courses to stay up to date on the latest product developments, sharpen your Sophos product knowhow and simplify your job as an administrator. Our courses teach you best practices to manage your Sophos solution for peace of mind. The trainings can be tailored to your needs and can be delivered at your office.

## Special promotion to become Certified Architect on the Synchronized Security Products Central & XG!

Tech Data Academy enables Sophos partners to achieve their desired partner level and to be ready for selling and implementing the Sophos Synchronized Security Products Central and XG.

The graphic shows you the Sophos Certification Path for these security solutions. Part 1 and 2 can be completed free of charge via the Sophos Partner Portal. Part 3 concerns instructor led class room Architect training, taught by an experienced and certified Sophos instructor. These courses are delivered in various Tech Data training centers in the Benelux region.
